

May 1, 2008

Dear Parent:

We are proud to announce that, beginning this school term, all financial arrangements for Our Lady of Perpetual Help School can now be done from the convenience of your home computer through the Internet.

Through our new online loan activation site you have several options.

Parents who prefer to pay their tuition in cash can authorize First Bank and Trust to automatically debit their checking or savings accounts for payment of tuition and approved fees directly to the school.

Parents who want to finance tuition and approved fees can initiate a new loan or reactivate an existing loan. The system will direct you through the process and much of your information has been pre-loaded into the system.

The new online Tuition Financing system is convenient and your information is secure.

You can access the Tuition Service website two ways, by either going to Our Lady of Perpetual Help's website and finding the link to the tuition site; or by going directly to www.fbtuitiononline.com.

If you have any questions, please do not hesitate to call First Bank at (504) 584-5967 or toll free at (877) 426-2498 and thank you for doing business with First Bank and Trust.

Sincerely,

Tuition Lending
